After the strain and turmoil of the day  I rest quietly here, as a little boat,  which has been tossed by the waves  and buffeted by the wind,  rests secure in a sheltered harbour.  Here my projects lose their power over me.  A healing process begins.  My fragmented self is reassembled,  and I am made whole again.  In your presence, I experience my true worth,  which consists not in doing but in being.  I surrender myself into your hands.  I am at peace.</i></p>
